

OUR COMMITMENT

A successful contracting company must competitively respond to the diverse needs of its clients. It must strive to maintain excellence in service and quality.

White Management Group, LLC operates with a commitment of excellence. Our clients will benefit from construction experience spanning more than 30 years. With use of the newest technologies, we are committed to meeting our clients' needs and ultimately superseding all expectations. That will be accomplished with responsive services, competitive pricing, and accurate scheduling.

Sensitivity is key, we commit to maintaining the integrity of your project throughout, from the architect's plans, drafts, and designs to code research, building department code, and offer creative design solutions and hands on management from start to completion of project.

Gary White
CEO/President

SERVICES

PROJECT MANAGEMENT

White Management Group, LLC provides superior construction management services throughout the planning, design and construction phases of our projects. Our Project Management works with the owner and architect/engineer to provide detailed cost schedules and construction schedules. We prepare cost estimates, while also advising on alternative design approaches. We continually monitor an on-going project schedule to determine potential set -backs before they occur.
